SUMMARY

Aspiring Front-end Developer skilled in **ReactJS**, **Redux**, and **Tailwind CSS**, seeking hands-on experience and opportunities to contribute to innovative projects. Proficient in building dynamic, responsive web applications with a focus on front-end development. Basic knowledge of back-end technologies like **Express.js** and **MySQL**.

EDUCATION

Higher National Diploma (HND), Physics with Electronics

The Polytechnic, Ibadan, Oyo State | July 2021

National Diploma (ND), Science Laboratory Technology

Delta State Polytechnic, Ozoro, Delta State | July 2017

EXPERIENCE

Front-End Web Development Training | 2023

ALUSOFT Technology Ltd

- Completed hands-on training in front-end web development.
- Developed skills in ReactJS, Tailwind CSS, and JavaScript through practical projects

PROJECTS

E-commerce Website

- Developed an e-commerce platform with features like **product listing**, **shopping cart**, and **filtering** using **ReactJS** and **Redux** for state management.
- Designed user-friendly product navigation and shopping experience, focusing on responsiveness and smooth UI interactions.

Movie Search App

- Built a **movie search application** using **ReactJS** and **Tailwind CSS**, where users can search for movies and view details like ratings, release dates, and synopses.
- Integrated the **OMDb API** to fetch movie data dynamically and designed a modern, user-friendly interface focusing on responsiveness and user experience.

Cryptocurrency Tracker

- Developed a real-time cryptocurrency tracker using **ReactJS** and **Tailwind CSS** to display live coin prices and details.
- Integrated a public API for fetching cryptocurrency data, focusing on a responsive and user-friendly interface.

SKILLS

- **Frontend:** ReactJS, Redux, Tailwind CSS, Bootstrap, HTML5, CSS3, JavaScript
- **Backend:** Express.js, MySQL
- **Tools:** Git, GitHub, VS Code
